

Invoice Discounting

You want to grow your business but your cash is tied up in unpaid invoices.

- **The Solution.**

Invoice Discounting from Bibby Invoice Discounting.

- **What does it mean for your business?**

An immediate injection of cash into the business and an ongoing supply of working capital.

A source of funding which grows in line with your sales.

- **How does it work?**

An initial injection of cash into your business of up to 80% of your outstanding invoices.

Sales invoices and credit notes are transmitted to Bibby Invoice Discounting.

Bibby Invoice Discounting will then convert up to 80% of unpaid invoices into cash within 24 hours, less a small service fee.

The remaining 20% will be paid to you once your customers pay.

We also give you 24-hour Internet access so you can keep track of payments received and the amount of funding available to you.

- **What type of businesses are suitable?**

Your annual turnover must exceed £1 million per annum and you must be trading profitably.

- **What does it cost?**

Our services are tailored to your business so the fees will depend upon your specific needs.

There are two types of fee. The first is the cost of the money you use, which is extremely competitive when compared with other forms of finance. The second is a service fee.

- **What to do next.**

If you would like to find out more about invoice discounting, then call us today on 0800 783 0314.

You'll be able to talk to an experienced member of our team who will answer your questions and explain in more detail how we can provide a flexible solution for your business.
